

PTIN Expiration Cycle Update

Dear Tax Preparer,

The Return Preparer Office is changing the renewal cycle for all PTINs to a calendar year renewal. Even though you got your PTIN before the end of 2010, it will not expire until December 31, 2011.

Open season for 2012 PTIN renewal will begin in October 2011. You will receive another message then reminding you to renew your PTIN before year end.
